

## Product Announcement

## End-of-Sale of ClearPass Legacy Licensing SKUs

Aruba, a Hewlett Packard Enterprise company recently announced ClearPass 6.7 which introduced a new licensing methodology. With this announcement we are signaling the end-of-sale of the legacy ClearPass licensing SKUs listed in the chart(s) below, which also includes the corresponding, new replacement SKUs. ***This is not the end-of-sale of the ClearPass product line.***

We are accepting final orders for the legacy ClearPass Hardware Appliances and Add-on License SKU's through June 30, 2018; however, hardware SKUs are subject to availability, and at Aruba's discretion, the actual end of sale date may be earlier.

We are accepting final orders for the legacy ClearPass Virtual Appliances through **April 30, 2019**. Customers requiring Onboard or OnGuard can purchase the equivalent NL Add-on licenses assuming they convert their legacy Virtual Appliance licenses and upgrade to ClearPass 6.7. **(REVISED-12/12/18)**

End of Support for the products is **May 1, 2022 (REVISED-12/12/18)**. We strongly encourage you to transition all backlog and new business to the recommended replacement products.
